# Software Development

e-tmos

MEDIA SOLUTIONS PVT. LTD.

## SOFTWARE DEVELOPMENT

Information technology is a very vast sector mainly branched out in two, IT services and business process outsourcing (BPO). Software development is the fundamental part of IT services. Software development is a very interesting process which involves activities like computer programming, testing, bug fixing, maintaining the code, frameworks.

Speaking broadly, it pretty much involves anything and everything that lies in between the inception of the product till its manifestation.

Software development is a major part of IT services. With the healthy growth in information technology, the importance of software development is realized by companies and businesses.

## Code That Performs

Programming · Testing · Bug Fixing  
Frameworks · Maintenance  
End-to-end product engineering

# Mobile & Custom Software

**e-tmos**

MEDIA SOLUTIONS PVT. LTD.

## MOBILE APPLICATION

Mobile application is the new member of our family. We are surrounded by various mobile apps, which are so easily available on our cell phones. Mobile applications are software applications designed to run on our smart phones and tablet computers. Usage of mobile apps has become increasingly frequent across mobile users. Mobile apps are playing an ever-increasing role in business development process.

## CUSTOMIZED SOFTWARE DEVELOPMENT

Dreamworth Solutions is a leading customized software solution provider company in Pune. We deliver a wide range of customized software solutions to our clients worldwide. We have quite many years of experience in the software development industry and so we have the ability to furnish you with full life cycle software development and engineering solutions.

# B2B & CMS Websites

**e-tmos**

MEDIA SOLUTIONS PVT. LTD.

## B2B WEBSITE DESIGNING

Websites are designed precisely for conversions or any goal which promotes business growth. Websites should be built in such a way that they win and attract new business. Apart from giving attention towards profit, B2B industries focus more on the setting up long lasting alliances.

## CMS WEBSITE DEVELOPMENT

CMS means Content Management System with which you can regulate and manage the content within your website without any technical training. This is a quite simple system with the help of which you can very easily add or delete images and edit text in your website. Also, you can have an infinite number of pages and a full site-search engine. Dreamworth Solutions is a leading Web Development Company in Pune that provides a highly professional CMS website at a very affordable price.
